

Environmental Policy

The Prince & Izant Companies commit to meet all relevant environmental rules and regulations in the metals manufacturing industry and to strive to protect our environment through sound management practices and decisions.

The Prince & Izant companies prevent pollution by striving to minimize waste generation and resource consumption. We are committed to environmental leadership in our business activities. Our policy provides a safe, healthful workplace, protecting the environment, conserving energy and natural resources. With this commitment in place we believe that we can achieve a healthy and safe environment.

We are committed to these policies and will:

- Provide a safe and healthful workplace and ensure that personnel are properly trained with the appropriate safety and emergency equipment.
- Be an environmentally responsible neighbor in the community where we operate, and correct any incident or condition that endangers health, safety, or the environment.
- Conserve natural resources by adopting pollution prevention practices. Ex: extending the life of equipment through preventive maintenance scheduling, purchasing and reworking used equipment etc.
- Develop and improve operations and technologies to minimize waste, and other pollution, minimize health and safety risks, and dispose of waste safely and responsibly.
- Ensure the responsible use of energy throughout our business, including conserving energy improving energy efficiency, and giving preference to renewable over non-renewable energy when feasible.
- Participate in efforts to improve environmental protection and understanding.
- Meet and exceed, when possible, all applicable Federal and State requirements and adhere to requirements no matter where we do business.
- Promptly report all noncompliance issues in accordance with applicable governmental reporting requirements, evaluate causes of noncompliance, and implement corrective actions.
- Establish procedures for periodic review of environmental compliance with all laws and regulations.
- Establish procedures to ensure all that employees are knowledgeable of, understand and comply with all applicable environmental laws and regulations.
- Participate in recycling and scrap management to the greatest practical extent to reduce impact on landfills and promote recovery of valuable resources.
- Promptly correct any practice or condition not in compliance with this policy.

Environmental Policy

John Greg,
Director of Compliance
